

# East Colonial Drive (S.R. 50) Widening

from east of Avalon Park Boulevard  
to east of Chuluota Road

## Orange County

Financial Project Identification (FPID) No.: 239203-7

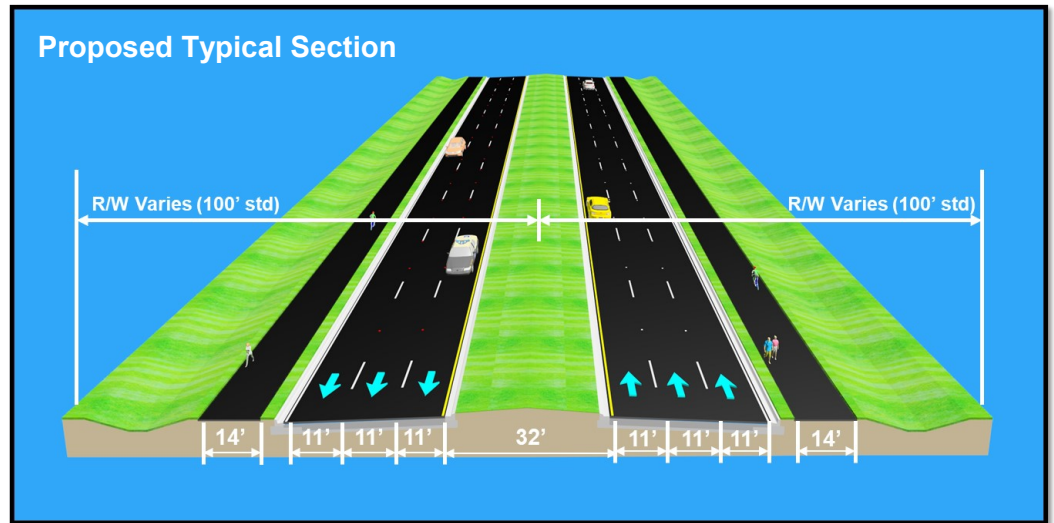

### Project Description

The Florida Department of Transportation (FDOT) is proposing to widen East Colonial Drive (State Road (S.R.) 50) from east of Avalon Park Boulevard to east of Chuluota Road (County Road 419).

The project proposes to provide three travel lanes in each direction separated by a raised median. Full and directional medians will be provided in several locations along the corridor.

Additionally, this project will add a 14-foot-wide shared-use path on both sides of the roadway. New or enhanced pedestrian crosswalks will also be provided at signalized intersections, and pedestrian curb ramps will be upgraded to meet current Americans with Disabilities Act (ADA) standards. Landscaping is proposed along portions of the project corridor. Drainage improvements and modifications to the existing park-and-ride facility are planned.

As part of the design efforts, FDOT is designing and constructing a new two-lane access road from East River High School to East Colonial Drive at the Corner School Drive intersection. The access road will have sidewalks on both sides, and new crosswalks, pedestrian signals and intersection lighting at the intersection of the new road and East Colonial Drive.

### Project Status and Estimated Costs\*

Design:	Ongoing - fall 2025	\$ 5.5 Million
Right of Way:	Within existing	—
Construction:	Funded - summer 2027	\$ 54 Million

\*subject to change
