

Mills Avenue (S.R 15) Traffic Signal Upgrade at Mount Vernon Street

Orange County

Financial Project Identification (FPID) No.: 446568-1

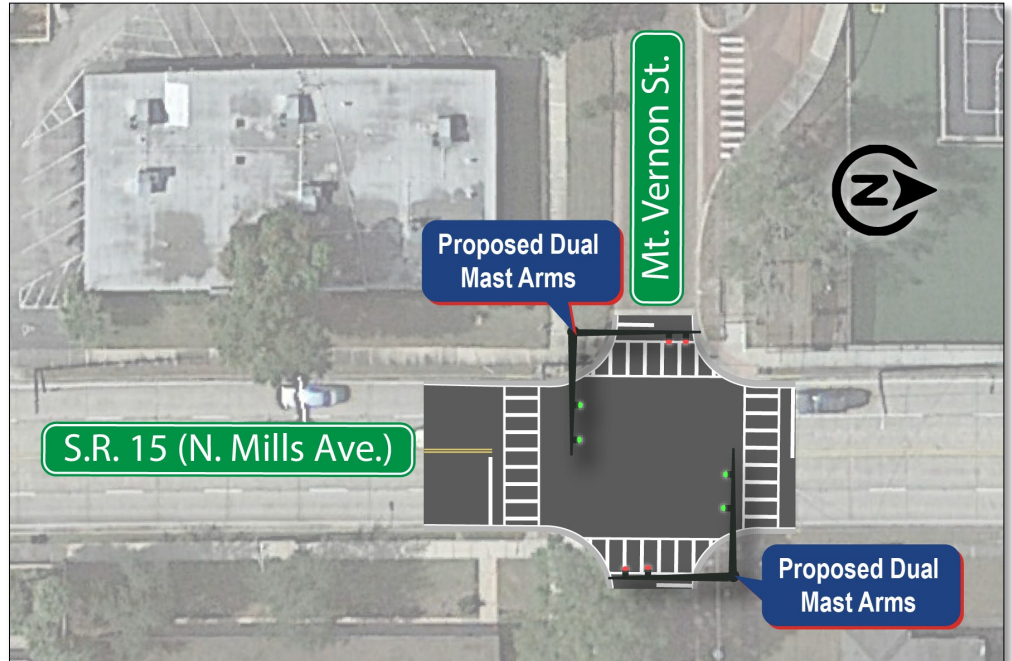

Project Description

The Florida Department of Transportation (FDOT) is designing improvements at the intersection of Mills Avenue (State Road (S.R.)15) and Mount Vernon Street in Orlando.

This project is based on a request from the FDOT District Five Safety Office to upgrade the traffic signal at the intersection.

Proposed improvements include replacing the existing diagonal span signals with new mast arm signal poles.

The project also will upgrade pedestrian signals and reconstruct pedestrian curb ramps to help improve safety. Other work includes signing and pavement markings and necessary utility adjustments.

Project Status and Estimated Costs*

Design:	Ongoing - completion summer 2023	\$ 856,000
Right of Way:	Within existing	—
Construction:	Funded - early 2024	\$ 412,000

*subject to change
