

SAFETY AND DRAINAGE IMPROVEMENTS

Northbound and southbound S.R. A1A from Crescent Beach Drive to south of Minutemen Causeway

Brevard County

Financial Project Identification (FPID)

No.: 445867-1 and 448636-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is enhancing pedestrian safety along State Road (S.R.) A1A from Crescent Beach Drive to south of Minutemen Causeway. In this area, S.R. A1A is split, with S.R. A1A northbound known as Atlantic Avenue and S.R. A1A southbound known as Orlando Avenue. The project proposes to construct pedestrian crossings along S.R. A1A. Two of the crossings - on northbound and southbound S.R. A1A at South 1st Street - will be equipped with Pedestrian Hybrid Beacons (PHBs).

A public meeting about this project was held on March 1, 2022. Please see the public meeting information in the files below.

CONTRACTOR

CARR Construction, LLC

PROJECT COST

\$3.9 Million

PROJECT START

January 2024

ESTIMATED COMPLETION

Late 2024

WHAT TO EXPECT

Motorists should expect lane closures throughout construction. Electronic message boards and other signage will be used to alert motorists of traffic changes. Uneven pavement is a common, unavoidable roadway condition with projects that require resurfacing, as the contractor must place different layers of asphalt during various phases of construction. Road conditions during construction will become less apparent as the project progresses. Pedestrian detours will be in place in areas where the sidewalk is inaccessible during construction. Motorists and pedestrians are asked to exercise caution and reduce their speed while driving through the work zone.

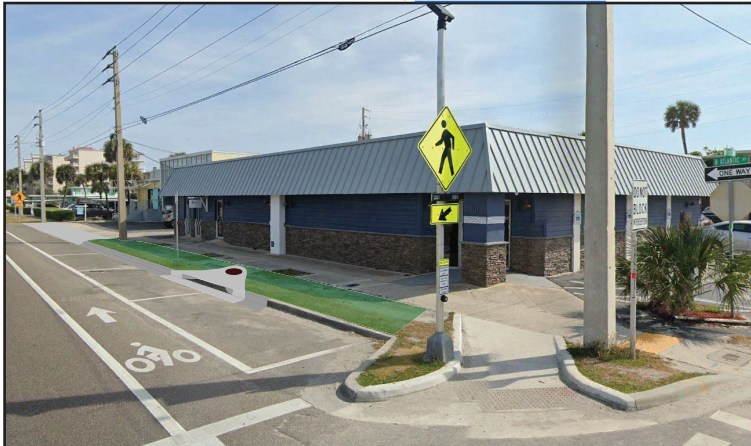

The construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, www.cflroads.com.
